

Vision for “Flea Beach” Right Of Way

- 1) In accordance with the Society’s constitution, goals and mission, to preserve and protect the Right of Way (ROW) on behalf of the public, the community and the Ministry of Transportation (MOT), and
- 2) To consult with the local community, interested parties and other stakeholders regarding this vision, and
- 3) To improve the vegetation, trees, water courses and the general appearance of the ROW without significantly altering the natural state, and
- 4) Keep the ROW tidy, clean and free of debris, and
- 5) Facilitate small and hidden off street parking at the site, and
- 6) Place limited signage at the site with the goal of stopping tree cutting, tree removal, vegetation trimming or other alternations to the ROW that have not been agreed to by the Society and/or MOT
- 7) Place limited signage at the site with the goal of setting out rules and standards for the use of the ROW by the community and the public in general, including, no smoking, no campfires or other fires, no music, no overnight parking or camping, and other rules that protect the neighbours and the community, and
- 8) Working diligently to keep the community and the public and MOT informed about the vision, rules and standards on an ongoing basis.

*adopted at the public Annual General Meeting
